

FOOD INSPECTION UNIT TO BE CONTINUED

State Bureau Outlines Plans to
Protect People of Utah
From Fraud.

EMPLOYEES ARE RETAINED
APPROPRIATIONS MADE FOR EXHIBIT AT LOCAL SHOW.

Plans for the fiscal year, starting Dec. 1, were outlined Thursday afternoon by the state pure food bureau, at its monthly meeting held in the office of Willard Hansen, state food and dairy commissioner, in the Dooly block. The board decided to keep the number of inspectors in the department at two, at present, one deputy being paid out of the appropriation for the work of the bureau, amounting to \$2,750 for each of the fiscal years 1909 and 1910, and the other deputy being paid out of the fund set aside for the use of the state commissioner. Heber C. Smith and Simeon Hansen, the other deputy under the pure food bureau, will be retained in these positions.

The board decided to appropriate \$50 for the exhibit to be prepared by the bureau at the pure food show to be held in Salt Lake from Nov. 23 to Dec. 4, the exhibit to be prepared by Herman Hansen, state chemist, and containing samples of substances commonly used in the adulteration of foods, such as benzoate of soda, various coloring matters and other substances. The manner in which most and other articles are prepared and the use of preservatives will also be shown.

The greater part of the exhibit will be retained by the pure food commissioner as a permanent exhibit in the office of the department. Dr. S. D. Brimhall, the government inspector, who is here to take charge of the dairy cows of the state, told the members of the bureau, something about his plans for the work. The bureau will co-operate with Dr. Brimhall in the making of the test.

The question of the proper labeling of food products was also discussed, in connection with some cases brought to the attention of the bureau.

CAR CONDUCTORS WILL NOT HAVE MUCH CASH

Thursday morning's bold street car holdup on the Vandamere line has caused the state bureau, something about his plans for the work. The bureau will co-operate with Dr. Brimhall in the making of the test.

Steps will be taken to guard against any large money loss in the event of a robbery. In the Vandamere holdup, C. E. Richins, conductor, was robbed of \$200 company money and \$50 of his own. The \$200 represented but one third of the day's receipts, or even less, for the company has a rule by which the conductors have to turn in their receipts every hour or so. Superintendent Joseph Wells said yesterday that some such rule would probably be instituted here.

OTHER CRIMES TRACED TO STREET CAR BANDITS

Breaking into a grocery store, holding up a street car and stealing a horse and buggy from a lady, are three crimes which have been traced to the two men who held up a Vandamere street car and robbed Conductor R. E. Richins of about \$250 yesterday morning. A trail of blood from the store of Henry Hunsaker, directly opposite Vandamere, to the end of the street car line, established the fact that the same men who entered his store and robbed him of \$250 yesterday morning, were the same men who broke into a grocery store and held up a street car on Thursday morning. The police and sheriff's office are looking for a man with a deep gash in his hand.

MILK SELLER RESPONSIBLE Excuse That Lactical Fluid Was Bought Is Not Accepted.

Each dairyman or retailer of milk in Salt Lake is responsible for the milk sold by him, regardless of whether or not it comes from his own dairy. This was the decision of Judge J. M. Bowman yesterday afternoon, when he heard the case of \$100 against A. D. Reynolds for offering adulterated milk for sale. The fact that the milk of the dairy wagon got the milk from another wagon offered no excuse under the pure food ordinance, and the testimony of Charles Wheeler, to the effect that he had purchased extra milk to supply his customers, bore no weight on the general rule of the case.

FIVE BUILDING PERMITS. Construction Amounting to \$8,500 Was Authorized Yesterday.

Five building permits, aggregating \$8,500, were issued by Building Inspector E. H. Hirth yesterday, as follows:
Josie Anderson, 132 Dunbar avenue, five-room frame dwelling, \$2,000.
N. P. Larsen, 1292 South Windsor avenue, four-room brick dwelling, \$1,500.
Charles McFarland, 1109 South Lake street, five-room brick dwelling, \$2,000.
Martha J. Wiley, 557 North Pinesy avenue, four-room brick dwelling, \$1,500.

Pioneer Roofing Furnished, laid and guaranteed by LAURENCE PAPER CO.

Accurate judgment of the true value of furs requires an amount of experience and training few persons not interested in the fur business have an opportunity to acquire. The only protection against loss and disappointment is to buy furs of a house of established reputation. The name MEHESS stands for a leader in the fur business of the country. Established twenty years.

Chicago Excursion Via Salt Lake and Route. Very low round trip rates, in either direction, Nov. 16 and 17. Good returning to Dec. 15. Los Angeles Limited, 24 days from June or Milford to Chicago. Electric lighted, steam heated. Observation buffet car. Ask any Salt Lake Route agent.

You can sell it—if it's advertisement.

AGED FATHER CERTAINLY ROBBED UNARMED GIRL

Salt Laker Sure Daughter Did Not
Try to End Her Own
Life.

"No news is good news," said A. H. Rogers yesterday, speaking of having received no word from the bedside of his daughter in Los Angeles. "I felt that the police department of Los Angeles to penetrate the mystery surrounding the shooting of my daughter, and that this was only received, it will offer full vindication for the girl. She will be exonerated from the accusation of attempted suicide, and I will have to spend all of my money in seeing that the guilty parties are brought to justice."

"I felt in Los Angeles I am positive I could find the person who fired the shots. While we are sure a robbery was committed, we believe that this was only incidental to the shooting and that a belt containing money was taken from my daughter's body. She had fallen with two bullet wounds in her breast. She could never have fired the second shot, even if she had had the first."

A private safe may be rented in the fire and burglar proof vault of the Salt Lake City & Trust Co., 32 up Main street, \$2.00 per year and upwards.

DRINK VICE SAME DAY

Police Court Prisoners Attempt Explanations, but Most Excuses
Are Set Aside.

If a thing is worth doing, it is worth doing well and if it is worth doing well it is worth repeating, was the principle Charles McArthur applied to the science of intoxication Wednesday night and the forfeiture of two separate amounts of bail money, both deposited within the hour, was the outcome of McArthur's philosophy in police court yesterday afternoon. McArthur got drunk, got sober and got drunk again Wednesday night. It cost him \$10.

E. Eckhart, A. J. Grant and Del Roland all forfeited \$2 bail money on charges of violating the street ordinance. The men had been driving across street intersections at illegal angles. "Having no business," drew thirty days in jail for William Thompson, charged with drunkenness. Thompson said, with a degree of pride, that he had not found it necessary to have any particular occupation. He had only arrived in Salt Lake Wednesday night and made it his business to sample various brands of cheap liquor.

Logan Morris, who stopped in the Salt Lake depot long enough to rid himself of an overcoat of profanity, was fined \$10 for disturbing the peace. Morris was en route to Ogden.

R. S. Webb and Arthur Shaffer, charged with driving hacks without licenses, pleaded not guilty and will stand trial Nov. 22.

John Sartias, a Greek charged with disturbing the peace, forfeited his bail of \$10.

COURT FINDS M. LEVI IS ENCROACHING ON THE RIGHTS OF THE BARON Company.

The litigation between the Baron company and M. Levi which came before Judge C. W. Morse of the district court yesterday, was a temporary injunction was won by the Baron company and Levi was ordered to take down the signs in front of his place on North street, which detracted from the fire sale of the Baron company. So the signs came down yesterday shortly after noon and all was peaceful on the street.

ORDERS SIGNS REMOVED

The Baron company suffered a fire loss in their store on Oct. 28 and soon afterwards started making plans for a big fire sale. The plan contemplated the spending of a good deal of money in advertising the sale through the press and by posters. Levi's place is just south of the Baron store and Wednesday morning Levi had several signs flaunted across the street which were from his own sale and using the words "Baron," "Fire" and "Smoke" rather prominently. Levi was charged with encroaching on the rights of the Baron company, and the injunction suit was brought.

JURISDICTION IS SETTLED

Supreme Court Rules in Old Case Involving Appeal From Justice Court.

Judge M. L. Ritchie of the Third district court is held without jurisdiction in the case of E. A. Mackey vs. Edward Mackey in a ruling handed down by the supreme court yesterday in which it is held that the Third district court has no jurisdiction in the case of Mackey vs. Mackey. The case has been before the supreme court for more than a year and involved only a small amount of money. The suit against Mackey was brought on January 11, 1907, by the Coalville Co-operative Mercantile institution for the purpose of recovering the balance of a loan made to Mackey. It was asserted Judge Ritchie was without jurisdiction in the case. Judge Mackey appealed from the decision of the supreme court was appealed to for a writ of prohibition. This was issued yesterday. Cases of this kind have been taken to appeal from the decision of the justice court.

SEEKING LOCATION FOR AUTO SUPPLY BUSINESS

N. H. Bertram, late of Goldfield, Nev., is in Salt Lake looking over the field with a view to engaging in the automobile supply business. Mr. Bertram until recently was engaged in a similar business in Goldfield, Nev., and he is interested in the purpose of coming to Salt Lake. The new establishment will be devoted to automobile supplies and equipment and will be opened as soon as a suitable location is procured. Charles C. Collins, manager of the Diamond Roadster company, is going over the ground with Mr. Bertram.

To be opened for settlement at Medbury, Idaho, November 18th, under the King Hill Extension Irrigation Co. Excursions via O. S. L. Tickets on sale November 13th to 15th, limit Nov. 20th. City Ticket Office, 201 Main st.

ALL PARALYSIS NOT HOPELESS

This Man Had a Form That Was
Curable and There Are
Hundreds of Cases
Like His.

There are still people who say that no form of paralysis can be cured. If you have partial paralysis or some other severe nervous disorder, do you think it is better to be treated by someone who insists that you are incurable, or to take a treatment that grateful patients throughout the United States testify has cured them?

There are several forms of paralysis that are curable by the tonic treatment with Dr. Williams' Pink Pills and remarkable proof of the fact that the disease can be cured is found in the case of Mr. Willard P. French, of No. 315 Maple street, Kansas City, Mo., who is shipping clerk for Bracken & Turpin. He says:

"About twelve years ago, when living at Appleton, Wis., I was paralyzed from my hips down. I became in this condition shortly after a fall while playing at school. There was not a particle of feeling in my legs and I could not use them. I could not feel electricity from a battery. I had to be lifted out of bed. I had no strength at all and lost a great deal in flesh. There was a steady, dull pain across my back, which kept me in misery all of the time. My kidneys were affected and I was in bed for two years."

"I was treated by several physicians, who pronounced my case spinal trouble. The last physician, that I had, treated me for about a year and finally told me that he could do nothing more for me. Through my grandmother I decided to try Dr. Williams' Pink Pills. I took several boxes when I noticed a decided change for the better. I had confidence in the pills and took them until cured. Dr. Williams' Pink Pills are guaranteed by the manufacturers to contain no opiate or narcotic nor anything that could injure the most delicate system."

Those who are interested in the treatment which cured this case can obtain further information by writing for the booklet, "Nervous Disorders," which we send free on request.

Dr. Williams' Pink Pills are sold by all druggists, or will be sent, postpaid, on receipt of price, 50 cents per box; six boxes for \$2.50 by Dr. Williams' Medicine Company, Schenectady, N. Y.

MAKES PLEA FOR WATER

Small Ranchman Says He Must Have
Moisture to Make His
Living.

The story of one man's fight to get water with which to make his land productive enough to support his family, and of another man's opposition, and my name to the state engineer's records yesterday.

Edward Nazer of Monroe, Sevier county, filed an application for the right to appropriate water for irrigation purposes. In filling out the formal questions he stated that the source of supply would be Corner spring. He told how Corner spring has run to waste for nine years and added:

"I need the water on my orchard and garden. It will take me a month to complete the ditch with a pick and shovel. It was charged with water on Nov. 1 the former claimant spoiled my ditch and ordered me off his land. The proposed ditch will have to cross 40 acres of his land."

Nazer then shows in his application that he has an immense purchase, the largest ever made to find available water, and my name to the state engineer's records yesterday.

CHORAL SOCIETY MEETS TO ELECT NEW OFFICERS

The Salt Lake Choral society will meet tonight at Christ the King church to elect officers for the coming year and also to begin work for the season. Notices have been mailed to all members of last year and many new members will be enrolled. New members will be accepted up to the limit of 125, and the town is being covered by the new survey. The choir, which the chorus may become as proficient as possible.

Professor J. J. McClellan, the conductor, is enthusiastic over the prospects for the winter's work and has planned some attractive programs. The first rendition will take place about Jan. 1. It will likely include "The Gallia," which was prepared last season, but not sung, and a number of miscellaneous numbers which will make up the program, which will be more of a popular class than the work done heretofore.

10,000 Acres Carey Act Lands

Notice to Water Users.

STATE ENGINEER'S OFFICE, SALT LAKE CITY, Utah, November 1, 1909. Notice is hereby given that the Phoenix Mining company, by its agent, E. D. Gardner, whose office is at 100 West 1st Street, Salt Lake City, Utah, has made application in accordance with the requirements of the Session Laws of Utah, 1907, as amended by the Session Laws of Utah, 1908, to appropriate 20 cubic feet per second of water from Carr Fork branch of Blingham creek, Salt Lake county, Utah, for a distance of 130 feet and there used for a distance of 200 feet to a point which bears south 82 degrees 10 minutes west 1720 feet from the northeast corner of section 24, township 3 south, range 3 west, Salt Lake base and meridian, from where it will be conveyed by means of a ditch for a distance of 130 feet and there used for a distance of 200 feet to a point which bears south 82 degrees 10 minutes west 1720 feet from the northeast corner of section 24, township 3 south, range 3 west, Salt Lake base and meridian, from where it will be conveyed by means of a ditch for a distance of 130 feet and there used for a distance of 200 feet to a point which bears south 82 degrees 10 minutes west 1720 feet from the northeast corner of section 24, township 3 south, range 3 west, Salt Lake base and meridian, from where it will be conveyed by means of a ditch for a distance of 130 feet and there used for a distance of 200 feet to a point which bears south 82 degrees 10 minutes west 1720 feet from the northeast corner of section 24, township 3 south, range 3 west, Salt Lake base and meridian, from where it will be conveyed by means of a ditch for a distance of 130 feet and there used for a distance of 200 feet to a point which bears south 82 degrees 10 minutes west 1720 feet from the northeast corner of section 24, township 3 south, range 3 west, Salt Lake base and meridian, from where it will be conveyed by means of a ditch for a distance of 130 feet and there used for a distance of 200 feet to a point which bears south 82 degrees 10 minutes west 1720 feet from the northeast corner of section 24, township 3 south, range 3 west, Salt Lake base and meridian, from where it will be conveyed by means of a ditch for a distance of 130 feet and there used for a distance of 200 feet to a point which bears south 82 degrees 10 minutes west 1720 feet from the northeast corner of section 24, township 3 south, range 3 west, Salt Lake base and meridian, from where it will be conveyed by means of a ditch for a distance of 130 feet and there used for a distance of 200 feet to a point which bears south 82 degrees 10 minutes west 1720 feet from the northeast corner of section 24, township 3 south, range 3 west, Salt Lake base and meridian, from where it will be conveyed by means of a ditch for a distance of 130 feet and there used for a distance of 200 feet to a point which bears south 82 degrees 10 minutes west 1720 feet from the northeast corner of section 24, township 3 south, range 3 west, Salt Lake base and meridian, from where it will be conveyed by means of a ditch for a distance of 130 feet and there used for a distance of 200 feet to a point which bears south 82 degrees 10 minutes west 1720 feet from the northeast corner of section 24, township 3 south, range 3 west, Salt Lake base and meridian, from where it will be conveyed by means of a ditch for a distance of 130 feet and there used for a distance of 200 feet to a point which bears south 82 degrees 10 minutes west 1720 feet from the northeast corner of section 24, township 3 south, range 3 west, Salt Lake base and meridian, from where it will be conveyed by means of a ditch for a distance of 130 feet and there used for a distance of 200 feet to a point which bears south 82 degrees 10 minutes west 1720 feet from the northeast corner of section 24, township 3 south, range 3 west, Salt Lake base and meridian, from where it will be conveyed by means of a ditch for a distance of 130 feet and there used for a distance of 200 feet to a point which bears south 82 degrees 10 minutes west 1720 feet from the northeast corner of section 24, township 3 south, range 3 west, Salt Lake base and meridian, from where it will be conveyed by means of a ditch for a distance of 130 feet and there used for a distance of 200 feet to a point which bears south 82 degrees 10 minutes west 1720 feet from the northeast corner of section 24, township 3 south, range 3 west, Salt Lake base and meridian, from where it will be conveyed by means of a ditch for a distance of 130 feet and there used for a distance of 200 feet to a point which bears south 82 degrees 10 minutes west 1720 feet from the northeast corner of section 24, township 3 south, range 3 west, Salt Lake base and meridian, from where it will be conveyed by means of a ditch for a distance of 130 feet and there used for a distance of 200 feet to a point which bears south 82 degrees 10 minutes west 1720 feet from the northeast corner of section 24, township 3 south, range 3 west, Salt Lake base and meridian, from where it will be conveyed by means of a ditch for a distance of 130 feet and there used for a distance of 200 feet to a point which bears south 82 degrees 10 minutes west 1720 feet from the northeast corner of section 24, township 3 south, range 3 west, Salt Lake base and meridian, from where it will be conveyed by means of a ditch for a distance of 130 feet and there used for a distance of 200 feet to a point which bears south 82 degrees 10 minutes west 1720 feet from the northeast corner of section 24, township 3 south, range 3 west, Salt Lake base and meridian, from where it will be conveyed by means of a ditch for a distance of 130 feet and there used for a distance of 200 feet to a point which bears south 82 degrees 10 minutes west 1720 feet from the northeast corner of section 24, township 3 south, range 3 west, Salt Lake base and meridian, from where it will be conveyed by means of a ditch for a distance of 130 feet and there used for a distance of 200 feet to a point which bears south 82 degrees 10 minutes west 1720 feet from the northeast corner of section 24, township 3 south, range 3 west, Salt Lake base and meridian, from where it will be conveyed by means of a ditch for a distance of 130 feet and there used for a distance of 200 feet to a point which bears south 82 degrees 10 minutes west 1720 feet from the northeast corner of section 24, township 3 south, range 3 west, Salt Lake base and meridian, from where it will be conveyed by means of a ditch for a distance of 130 feet and there used for a distance of 200 feet to a point which bears south 82 degrees 10 minutes west 1720 feet from the northeast corner of section 24, township 3 south, range 3 west, Salt Lake base and meridian, from where it will be conveyed by means of a ditch for a distance of 130 feet and there used for a distance of 200 feet to a point which bears south 82 degrees 10 minutes west 1720 feet from the northeast corner of section 24, township 3 south, range 3 west, Salt Lake base and meridian, from where it will be conveyed by means of a ditch for a distance of 130 feet and there used for a distance of 200 feet to a point which bears south 82 degrees 10 minutes west 1720 feet from the northeast corner of section 24,
